

## Inmarsat IsatPhone Pro. On Land.

IsatPhone Pro is the first global handheld satellite phone from Inmarsat. Engineered to work in just about any environment, featuring an intuitive GSM-style interface and color screen, IsatPhone Pro is designed for professional users in the government, media, NGO, oil & gas, mining and construction markets. Operating on Inmarsat's I-4 geostationary satellite network, IsatPhone Pro is the most robust handset ever built, easy to use and affordable.

IsatPhone Pro redefines quality and reliability in mobile satellite communications, while Vizada Solutions™ optimize the service with cost-effective tools for your daily communication and administration needs.

### Key benefits.

- Clear voice quality: 2.4 kbps voice service.
- Reliable network connection: Global coverage on Inmarsat's I-4 geostationary network with an expected operational lifetime into the 2020's.
- Easy to use: Intuitive GSM-style interface with high visibility color screen, icon-driven menu and larger keypad for easy dialing with gloves on.
- Robust handset: Dust, splash and shock-proof with fully maneuverable antenna for easy hands-free usage with Bluetooth.
- Long battery life: Up to 8 hours of talk time and up to 100 hours of standby time.

### The ultimate combination. And more.

- View GPS location on handset or send via SMS, text or email.
- Classic GSM services including caller ID, call barring, call waiting, fixed number dialing, conference calling, SMS text messages up to 160 characters, standard and predictive text.
- One button access to voicemail.
- Send and receive email.
- Contact synchronization compatible with MS Outlook 2007 (PC), running Windows X Pro SP3 or Windows Vista SP1.
- Languages supported: Arabic, English, French, Japanese, Mandarin, Portuguese, Russian and Spanish.
- Several security features for controlling the usage, the SIM card and the network are available.

## Get more. With Vizada Solutions™.

Vizada Solutions™ is our portfolio of leading edge technologies designed to optimize the benefits of our standard satellite connectivity services. Vizada Solutions™ are available exclusively through Vizada Service Providers. To help you get more from your IsatPhone Pro handset and service, Vizada offers a number of solutions:

- **Efficient online business tools:** Only The Source®, Vizada web-based information management system, allows Service Providers to perform a variety of management tasks in real-time, including activating and suspending IsatPhone Pro SIM cards, prepaid voucher balance inquiries, and top ups of both minutes and expiry.
- **Cost-efficient prepaid solutions:** Use Vizada's Universal Card™ with your IsatPhone Pro for flexible and easy prepaid calling.
- **Cost-effective Fixed2Mobile calling:** Using Satellite Direct® and Satellite Direct Plus®, place calls from any landline or wireless phone to any mobile satellite terminal, including your IsatPhone Pro handheld at a price more affordable than standard landline charges.
